PATIENT JOURNEY:

VIP Arrival > VIP Reception > Nurse (Bedside) > VIP Consult > VIP CASHIER > Priority Pharmacy > VIP Exit

STEP-BY-STEP PROCEDURE

1 VIP Patient Arrives

[VIP Receptionist / Security]

System: QMS > VIP Reception

- VIP patient uses dedicated VIP entrance.
- Security notifies VIP reception immediately.
- No gate queue ticket - VIP patients skip the standard gate process.
- VIP receptionist greets patient and escorts to VIP desk.
- Open QMS > VIP Reception to log arrival and issue VIP token.

2 VIP Check-In & Registration

[VIP Receptionist]

System: Patients > Search OR Patients > Register

- RETURNING VIP: search and open existing record, confirm demographics.
- NEW VIP: complete full registration - VIP tag noted in record.
- Confirm pre-booked appointment if applicable.
- Notify the assigned doctor immediately by phone/intercom.

3 Nurse Assessment (Bedside in VIP Room)

[OPD Nurse]

System: Consultations > Triage Workstation

- Nurse goes to VIP consultation room, takes vitals bedside (not at triage bay).
- Record VA, IOP, blood pressure, chief complaint in system.
- No queue - results go directly to attending doctor's workstation.

4 VIP Consultation - Doctor

[Senior Ophthalmologist]

System: Consultations > Workstation > VIP Consultation Room

- Doctor opens patient - triage vitals already populated.
- Select department: VIP Consultation Room.
- Perform full clinical examination.
- Add diagnoses, issue prescriptions, lab or investigation orders.
- Print Consultation Summary for patient if needed.
- Book follow-up appointment if required.

5 VIP CASHIER - PATIENT PAYS (MANDATORY STOP)

[VIP Receptionist / Cashier]

System: Billing > Cashier POS (at the dedicated VIP terminal)

- **ALL VIP PATIENTS MUST PAY BEFORE LEAVING - NO EXCEPTIONS.**
- VIP patients pay at the DEDICATED VIP CASHIER TERMINAL (not the main cashier queue).
- The VIP terminal is faster and more private - but payment process is the same.
- Invoice is auto-generated from the consultation orders.
- Accept: Cash, card, mobile money, or corporate account charge.
- **PAYMENT MUST BE CONFIRMED BEFORE PHARMACY RELEASES MEDICATION.**
- Print official receipt for patient.

6 Priority Pharmacy Dispensing

[Pharmacist]

System: Pharmacy > Dispensing Queue

- Prescription appears ONLY after VIP cashier confirms payment.
- Pharmacist prioritises VIP prescription above regular queue.
- Medications delivered to VIP lounge or reception desk.
- Counsel patient on dosage.

7 VIP Exit

[VIP Receptionist]

- Escort patient to exit or vehicle if required.
- Provide appointment reminder card.
- Record satisfaction feedback in Feedback module.

NOTE: VIP SERVICE STANDARD: Max wait between any step is 5 minutes. Doctor and nurse must be notified as soon as VIP patient arrives - not when called.

CHECKLIST: IMPORTANT: VIP patients STILL PAY. They use a dedicated VIP cashier terminal (not the main cashier queue). Do NOT skip the payment step. System enforces this - pharmacy will not release until paid.
